ELEGANCE STYLE® FIBERGLASS INGROUND POOLS

The most modern stylish swimming pool on the market today. The Elegance features square corners to make it ideally suited to today's modern architectural building trends.

The square corners and crisp clean lines match perfectly with the latest paving and coping products to make landscaping the Elegance a pleasure.

Leisure Pools has added to our line of the finest fiberglass pools in the market today a 40' by 16' swimming pool that is not only function able but also well suited for colder climates. Since it is in a pure rectangular shape it allows for the convenient installation of a recessed automatic pool cover. This classic design also allows generous seating for spa and family areas. View the pictures below for our artist rendition of this fantastic fiberglass pool that will have you "swimming in quality and style".
